SUBJECT AND AUTHOR INDEX

VOLUME XVII

ABBE, CLEVELAND, referred to 198
Agelacrinus Cincinnatensis, supporting surface of 406
"Agelacrinidae and Lepadocystinae, with descriptions of Thresherodiscus and Brockocystis." By Aug. F. Foerste 399–487
Agelacrinites and Lepidodiscus, Devonian, solar curvature in the 406
Agelacrinites and Lepidodiscus, use of the generic terms 431
Agelacrinus austini, sp. nov 444
Agelacrinidae, Devonian and Carboniferous, floor plates of 416
Agelacrinidae, location of the anus in 425
Agelacrinidae, Ordovician, character of surface used for support by 401
Agelacrinidae, Ordovician, description of several 431
Agelacrinidae, origin of ambulacral system of 425
Agelacrinus, central part of aboral surface 409
Agelacrinus faberi, Miller 441
Agelacrinus holbrooki, James 446
Agelacrinus, Ordovician species referred to, floor plates of 417
Agelacrinus, ornamentation of the surface of the thecal plates 426
Agelacrinus Pileus, central or substomial cavity of 426
Agelacrinus Pileus, orientation of, on sloping supports 401
Agelacrinus, vertical ridges on plates of inner band of peripheral ring 408
Agelacrinus vetustus, sp. nov 439
Agelacrinus warrenensis, James 448
Agelacyinas, anal pyramid 424
Air currents, causes of, in Ohio 195
Allegheny formation 390
Ambulacral rays, basal extensions of lateral covering plates of 422
Ambulacral rays, cause of reversal of curvature 404
Ambulacral rays, cover plates of 412
Ambulacral rays, curvature of 403
Ambulacral system, trimerous origin of 412
Anniversary of the founding of the Denison Scientific Association 203
Anticyclonic ares in Ohio 196
Apiocystites tencumsethi, Billings, genotype 469
Archinacella clochensis, sp. nov 308
Archinacella pulaskiensis, sp. nov 309
Arkona, lake 245
Austinella scovillei, Miller 130
Austinella whitfieldi, Winchell 131
BROCK, DR. R. W., referred to 247
Brockocystis clintonensis, Parks 473
Brockocystis, gen. nov 468

Brockocystis huronensis, Billings 473
Brockocystis tecumsethi, Billings 469
Brockocystis tecumsethi Billings, diagram of 470
Bliss, G. A. and F. B. Wiley. "Method of subdividing the interior of a simply closed rectifiable curve with an application to Cauchy's theorem." 375
Byssonychia carinata, Goldfuss 320
Byssonychia radiata, Hall 273
Calymene conradi, Emmons 320
Cambridge 181
Canton 390
Caritodens demissa, Conrad 269
Carney, Frank
—— "The climate of Ohio." 191
—— "Population centers and density of population in Ohio." 175
—— "Some pro-glacial lake shorelines of the Bellevue quadrangles, Ohio." .. 231
Carroll county, Ohio 390
Castalia, Ohio, referred to 244–5–6
Catazyga erratica, Hall 266
Cathcart, Wallace H., referred to 204
Cauchy theorem for an arbitrary curve 382, 389
Cauchy theorem for a rectangle 380
Cedar Point spit 239, 241
Chillicothe, Ohio 181
"Cincinnati, a geographic interpretation of." By Edith M. Southall 2
Cincinnati's advantages 12
—— Early importance 177
—— Founding 4
—— The first manufacturing town 180
—— Industrial Growth from 1800 to 1850 7
—— Industrial Growth since 1850 10
—— Industrial purposes 180
—— River improvement 14
"Clarification methods, historical sketch of development of" 342
Cledophorus planulatus, Conrad 302
Cleveland, Ohio 182
Clidophorus praevolutus, sp. nov 303
Climatology, Ohio 197
—— Early development in America 198
Clitambonites multistriata, sp. nov 131
Clyde, Ohio 246
Colpomya faba-pusilla, var. nov 275
Cornulites, sp 314
Coshocton county, Ohio 390
Cost, estimate of, for rectangular tanks 363
Cost, estimate of, for circular tanks 364
Cyrtodonta clochensis, sp. nov 297
Cryptolithus tessellatus, Green 317

Ctenodonta lorrainensis, sp. nov. 305
"Culture, Foundations of." by C. Judson Herrick 205
Cuneamya scapha—brevior, var. nov. 307
Cyclonic centers in Ohio 196
Cymatonota lenior, sp. nov. 290
Cymatonota pholadis Conrad 291
Cystaster and Hemicystites, thecal plates of 454
Dalmanella centrilineata, Hall 260
Dalmanella emacerata, Hall 128
Denison Scientific Association, 25th anniversary of the founding of 203
Density of population in particular states 184
Drainage changes in the Moot's Run area, Licking Co., Ohio 219
EIRICH, CONSTANCE G. "Geographic factors in the establishment of the Ohio Michigan boundary line." 368
Erie canal 370
FOERSTE, AUG. F.
—— "Agelacrinidae and Lepadocystinae, with descriptions of Thresherodiscus and Brockocystis." 399
—— "Notes on the Lorraine Faunas of N. Y. and the Province of Quebec." 247
—— "Strophomena and other fossils from Cincinnatian and Mohawkian horizons, chiefly in Ohio, Ind., and Ky." 17
Fort Washington, building of 5
"Foundations of Culture." By C. Judson Herrick 205
"Geographic factors in the establishment of the Ohio-Michigan boundary line." By Constance G. Eirich 368
Glacial movements over the Moot's Run area 227
Glacial theories, evolution of 219
"Glaciation, influence of, on agriculture in Ohio." By Edgar W. Owen 390
Glyptarthis crispata, Emmons 258
Glyptorthis insculpta, Hall 257
Glyptocystidae, migration of the anus of 456
Helicotoma brocki, sp. nov. 137
Hemicystites carensis, sp. nov. 455
Hemicystites and Cystaster, thecal plates of 454
HERRICK, C. JUDSON, referred to 203
—— "The Foundations of Culture." 205
Holmes county, Ohio 390
Hubertella subjugata, Hall 129
Illinoian drift 398
"Imhoff Tanks, a comparative study of circular and rectangular." By T. S. Johnson 341
Industry and urban density in Ohio 186
Influence of canals on population in Ohio 178
Influence of political convenience 179
Interambulacral Plates 410
Ischyrodonta curta, Conrad 298
Islands of Lake Whittlesey 243
Islands of the lower Lake Maumee level 242

Islands of the upper Lake Maumee level 238
Isothermal maps of Ohio 193
JOHNSON, THEODORE S.
—— "A comparative study of circular and rectangular Imhoff tanks." 341
Laphospira beatrice, sp. nov 310
"Lorraine faunas of New York and the province of Quebec." By Aug. F. Foerste 247
Lepadocystis, Carpenter, generic characteristics 458
Lepadocystinae, description of several 456
Lepadocystis moori, diagram of 459, 461, 462, 464
Lepadocystis moorei, Meek 459
Lepidodiscus, aboral surface of 407
Lepidodiscus and Agelacrinites, use of the generic terms 431
Lepidodiscus, mobile marginal part of peripheral ring 407
Lepidodiscus, rigid inner band of peripheral ring 408
Leptaena gibbosa, James 116
Leptaena richmondensis, Foerste 117
LEVERETT, FRANK, referred to 232, 234
Lingula Clochensis, sp. nov 253
Lingula procteri-versaillesensis, var. nov 135
Lingular rectilateralis, Emmons 254
"Locust Grove esker, Ohio." By James D. Thompson, Jr 395
Lower Maumee shoreline 238
Lyrodesma poststriatum, (Emmons) Hall 306
Markets and urban density 189
Maumee Bay 369
"Method of subdividing the interior of a simply closed rectifiable curve with an application to Cauchy's theorem." By F. B. Wiley and G. A. Bliss 375
Miami-Erie canal 178, 370
Millersburg, Ohio 390
Modiolondon poststraitus, sp. nov 294
Modiolopsis concentrica Hall and Whitfield 283
Modiolopsis modiolaris, Conrad 281
Modiolopsis postplicata, sp. nov 284
Moot's Run (Ohio), detailed description of, and its tributaries 222
Newark, Ohio 396
NIXON, HARMON A. and TIGHT, DEXTER J. "Drainage changes in the Moot's Run area, Licking County, Ohio." 219
Ohio Canal 178
Ohio, smaller cities 188
"Ohio, Climate of." By F. Carney 191
Ohio eskers 395
"Ohio-Michigan boundary line, geographic factors in the establishment of." By Constance G. Eirich 368
Ohio, north-western 183
Orthoceras tyronensis, sp. nov 139
Orthodesma approximaturm, sp. nov 285
Orthodesma nasutum, Conrad 286

Orthodesma prolatum, sp. nov. 289
Orthodesma pulaskiensis, sp. nov. 288
Orthorhynchula linneyi, James. 132
Over-population, types of. 184
Over-population, what is? 183
OWEN, EDGAR W. "Influence of glaciation on agriculture in Ohio." 390
Pacific coast states in last decade. 185
Peristomial plates. 414
Pholadomorpha chambliensis, sp. nov. 281
Pholadomorpha pholadiformis, Hall. 277
Pholadomorpha pholadiformis—divaricata. 279
Pholidops subtruncata, Hall. 256
Plectambonites curdsvillensis, sp. nov. 122
Plectambonites plicatellus, Ulrich. 122
Plectambonites rugosa, Meek. 123
Plectorthis fissicosta, Hall. 130
"Population centers and density of population in Ohio." By F. Carney. 175
Population centers, factors in the location and growth of. 176
Pottsville formation. 390
Precipitation, quantity of, in Ohio. 194
Precipitation, seasonal distribution in Ohio. 194
Proetus chambliensis, sp. nov. 320
"Pro-glacial lake shorelines of the Bellevue quadrangle, Ohio." By F. Carney. 231
Psiloconcha sinuata—borealis, var. nov. 296
Psiloconcha subovalis, Ulrich. 295
Pterotheca cf. attenuata, Hall. 312
Pterotheca pentagona, sp. nov. 313
Rafinesquina declivis, James. 127
Rafinesquina mucronata, sp. nov. 265
Rafinesquina nasuta, Conrad. 263
Rafinesquina squamula, U. P. James. 264
Railroads and population centers. 179
Rhytimya oehana, Ulrich. 307
RUEDEMANN, DR. RUDOLPH, referred to. 250, 251, 255, 312, 318
Ruedemannia abbreviata, Hall. 311
Rural density (in Ohio), limit of. 186
SARDENSON, PROF. F. W., referred to. 46
SCHUCHERT, referred to. 35, 135
Settlements, early, in Ohio. 176
Sewage disposal and urban density (in Ohio). 190
SOUTHALL, EDITH M. "A geographical interpretation of Cincinnati, Ohio." 2
Stark county, Ohio, referred to. 390
Streptaster, floor plates of. 420
Streptaster, Hall, generic characteristics. 450
Streptaster, reversal of curvature in. 405
Streptaster reversata, sp. nov. 451
